TOOLS FOR PROFESSIONALS

CATALOG

Sole importer of FELCO, TINA, ISTOR and ALPEN products in USA and Canada

In a world of standardization, driven by short-term goals, PYGAR has chosen to maintain the tradition to offer the highest standards of excellence, durability and sustainability in the products it sells; there never will be a compromise.

FELCO, MESTO, TINA, ISTOR and ALPEN are known worldwide as unsurpassed leaders in the manufacture of pruning, cutting, spraying and sharpening tools; made to last and give satisfaction for many years of intensive use.

Made in Switzerland and Germany, these tools are designed with the professional in mind and produced with state-of-the-art technology, decades of know-how and the tradition of quality workmanship.

FELCO, MESTO, TINA, ISTOR and ALPEN are multi-generation family owned manufacturers continuously striving for excellence to serve the most demanding professionals. We will make sure that your experience with PYGAR will commit to the absolute best quality products the industry has to offer.

ALPEN, the Swiss-born brand of premium pruning tools and accessories. Crafted for nature enthusiasts and professionals, ALPEN's robust, ergonomic, and durable tools are rigorously tested to ensure reliability. Partnering with FELCO, our shared commitment to quality, sustainability, and nature brings you the finest tools for gardening and outdoor work. Rediscover the joy of working in nature with ALPEN and FELCO.

When PYGAR's core brands are in need of a complement, we partner with additional trusted brands to complete the portfolio.

Victorinox is an iconic Swiss brand founded in 1884. Like the FELCO brand, it's synonymous with Swiss manufacturing. FELCO has had a long-term partnership with Victorinox in the production and cobranding of its grafting and horticultural knife products. PYGAR being heavily involved in the garden and outdoor business has supplemented this line from FELCO with a selection of Victorinox products that perfectly suit the needs of nurseries and garden centers.

80 Years of FELCO

In 1945, a young visionary engineer, Félix Flisch set out to revolutionize the world of pruning tools. Armed with ambition and resourcefulness, he acquired an old watch dial factory in Les Geneveys-sur-Coffrane, a serene village in the heart of Switzerland's watch valley. His vision was: to craft unparalleled pruning shears. This marked the inception of FELCO, a venture that would forever alter the landscape of horticultural tools.

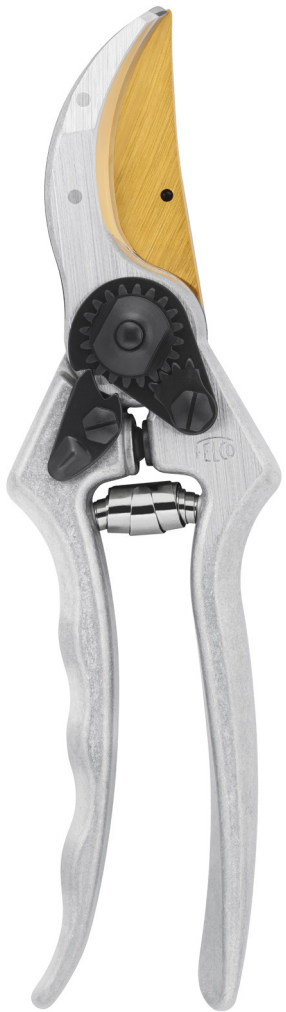

FELCO 2 - 80th Anniversary Special Edition

F-Gold blade, commemorative engraving with a premium leather pouch

Limited edition, while supplies last

GREEN RANGE

PERSONAL PROTECTIVE EQUIPMENT

Strong, effective and easy to use

FELCO 701

Lightweight and comfortable, these gloves made of knitted HPPE fiber guarantee high resistance to cutting. The fingers and palm are coated with nitrile rubber to provide excellent grip and greater strength. Ideal for precise pruning work by winegrowers, landscape gardeners, fruit growers or nurserymen.
Available in sizes S | M | L | XL

F701

FELCO 702

Developed to protect the hands during intensive work, these gloves are made from reinforced leather (palm and fingers) and PVC sections to provide better grip. The lined back is made of Spandex, a stretchy and breathable material. Ideal for pruning in vineyards, landscaping or fruit growing.
Available in sizes S | M | L | XL

F702

F703

FELCO 703

Made of high quality, puncture-resistant genuine leather, these gloves are ideal for heavy work, pruning in horticulture, gardening, and fruit growing. Their elegant design is suitable for all seasons.
Available in sizes S | M | L | XL

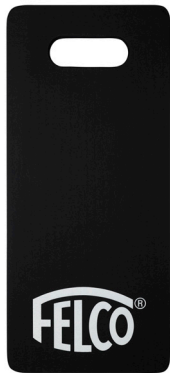

F704

FELCO 703W NEW

Premium puncture resistant cow grain genuine leather that is waterproof coated and lined with 3M Thinsulate Insulation.
(NOT PICTURED)

FELCO 704

These high cut resistant gloves have been developed to prevent risks of light cuts. The soft and durable synthetic leather palm provides an excellent grip while the top of the fingers is protected by a mesh lined with high cut resistant fibers.

F712

FELCO 705

These rose gloves are made from premium top-grain cow leather. The gauntlet cuff, made from genuine cow leather suede offers forearm protection from thorns. The cuff is equipped with a nylon strap and a buckle so it remains perfectly in place during work sessions.

F705

F711

FELCO 711

High quality and comfortable, these knee pads have slip-resistant ultra-durable nylon-rubber soft cap to allow for pruning activities under all weather conditions. There are two straps for better fit and easy walking, and a gel foam which offers lightweight cushion for all-day comfort.

FELCO 712

Water and petroleum resistant, this high-density NBR foam rubber kneeling pad will not compress over time and will provide comfort in all purposes. Texture on top and bottom grips to the floor to prevent knees sliding. The lightweight and built-in handle design is for convenient transport and storage.

capacity 12 mm/0.50 in
With cam action
- FELCO C112

Two-hand
capacity 12.7 mm/0.50 in
With cam action

POWER ASSISTED RANGE | FELCOtronic

BATTERY POWERED PRUNING SHEARS Strong, rapid, ergonomic, efficient and reliable

- FELCO 802

Medium cutting head
Nominal cutting capacity: 25 mm/1.0 in
Weight: 745 gr/26.3 oz
- FELCO 812

Large cutting head
Nominal cutting capacity: 35 mm/1.4in
Weight: 815 gr/28.7 oz
- FELCO 822

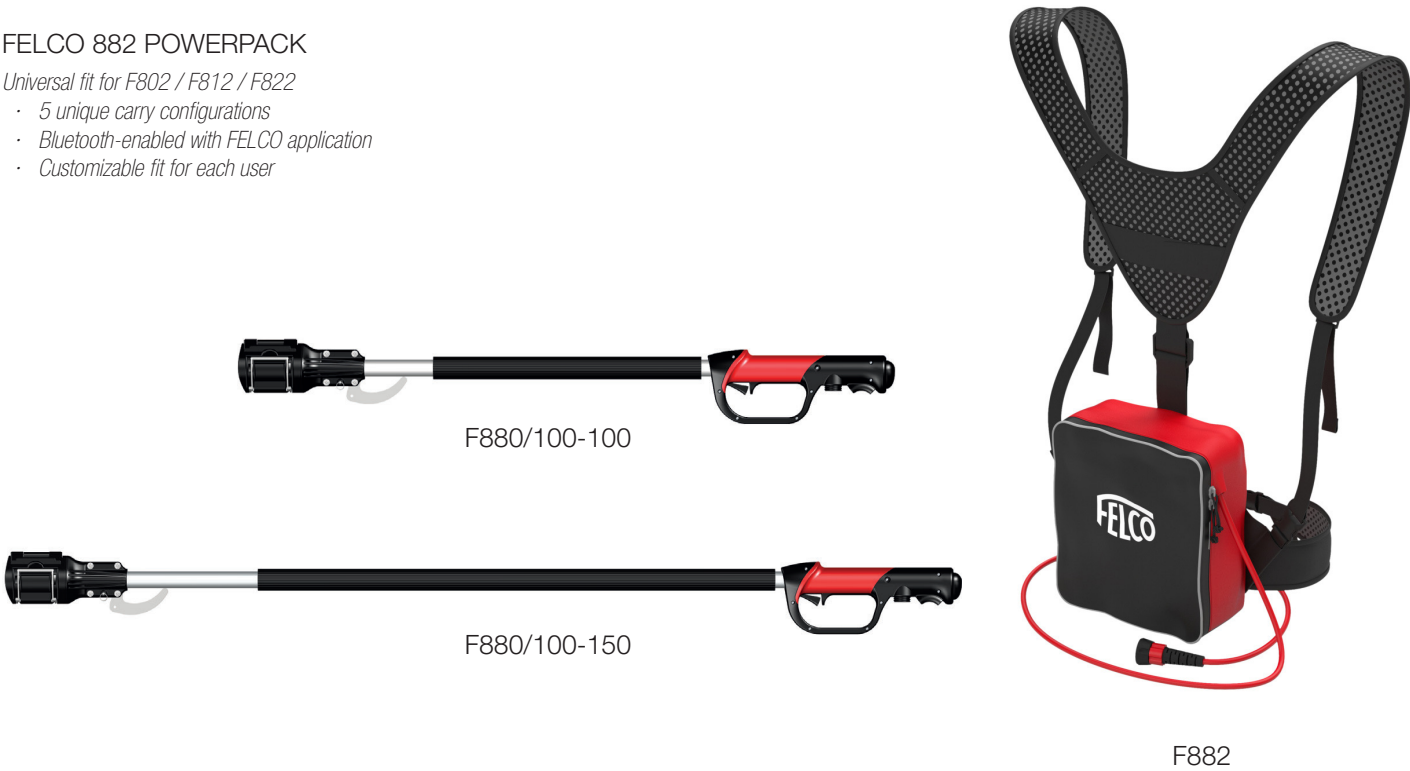

Extra large cutting head
Nominal cutting capacity: 45 mm/1.8 in
Weight: 980 gr/34.7 oz
- FELCO 880/100-100

1.0 meter, 3 ft. extension pole compatible with:
FELCO 802
FELCO 812
FELCO 822
- FELCO 880/100-150

1.5 meter, 5 ft. extension pole compatible with:
FELCO 802
FELCO 812
FELCO 822
- FELCO 882 POWERPACK

Universal fit for F802 / F812 / F822

 - 5 unique carry configurations
 - Bluetooth-enabled with FELCO application
 - Customizable fit for each user

POWER ASSISTED RANGE | FELCOtronic

BATTERY POWERED PRUNING SHEARS NEW

Strong, rapid, ergonomic, efficient and reliable

FELCO 834 NEW

Cordless Electric Pruning Shear w/ Cutshield
Cutting Diameter 34mm / 1.34in
Weight 990g / 2.18lbs

- Features:
- Made in Switzerland
 - HSS blade
 - Anti cutting system
 - F-Gold technology blade coating
 - Premium transportation box
 - Includes: Conductive gloves, maintenance bag, extension cable (1.5m/ 5ft)

F834

FELCO 834 Variants NEW

- 834V - Vine: Straight precision Blade.
- 834W - Wood: All purpose curved blade.
- 834H - Hoof: Designed for effortless hoof clipping.

MESTO SPRAYERS

MESTO sprayers are equipped with one of three seal types. Each is designed for the resistance of different chemical types.

***NBR** The most basic synthetic rubber seal, this seal type is best for household chemicals, and including Glyphosate, isopropyl alcohol and diesel fuel.

***EPDM** This robust seal type will handle most chemicals and offer improved resistance to acetone-based solutions, most alcohols and ammonia.

***FPM** The MESTO equivalent of a Viton seal, this robust seal type can handle most chemicals and offer improved resistance to harsh solvents such as Xylene, Toluene, Naptha and d-Limonene.

3132GR

Pressure sprayer for home and garden
Filling content: 1.5 L (0.4 gal)
Max operating pressure: 44 PSI
Weight: 0.92 lb
Nozzle: Adjustable
Seal type: NBR

3132GR

3132UE

3132UP

3132UE and 3132UP

Pressure sprayer for improved chemical resistance
Filling content: 1.5 L (0.4 gal)
Max operating pressure: 44 PSI
Weight: 1.21 lb
Nozzle: Flat jet

3132UE
Seal type: EPDM

3132UP
Seal type: FPM

3611UE and 3611UP

Stainless steel pressure sprayer for improved chemical resistance
Filling content: 10 L (2.64 gal)
Max operating pressure: 88 PSI
Nozzle: Flat jet

3611UE
Seal type: EPDM
(NOT PICTURED)

3611UP
Seal type: FPM

3611UP

3558

3552

Ergonomic backpack sprayer
Filling content: 12 L (3.5 gal)
Max operating pressure: 88 PSI
Weight: 4.8 KG (10.58 lbs)
Nozzle: Adjustable Brass
(NOT PICTURED)

3558

Ergonomic backpack sprayer
Filling content: 18 L (5 gal)
Max operating pressure: 88 PSI
Weight: 5 KG (11.02 lbs)
Nozzle: Adjustable Brass

MESTO SPRAYERS

MESTO sprayers are equipped with one of three seal types. Each is designed for the resistance of different chemical types.

***NBR** The most basic synthetic rubber seal, this seal type is best for household chemicals, and including Glyphosate, isopropyl alcohol and diesel fuel.

***EPDM** This robust seal type will handle most chemicals and offer improved resistance to acetone-based solutions, most alcohols and ammonia.

***FPM** The MESTO equivalent of a Viton seal, this robust seal type can handle most chemicals and offer improved resistance to harsh solvents such as Xylene, Toluene, Naptha and d-Limonene.
